GOLDEN, Colo., April 24, 1991 -- The U.S. Department of Energy, U.S. Environmental Protection Agency and Colorado Department of Health will hold a public information workshop Monday, May 6, to discuss the status of environmental restoration at the Rocky Flats Plant.

The workshop will be 7 to 10 p.m. at the Westminster City Park Recreation Center, 10455 Sheridan Blvd.

Plant representatives will provide brief presentations on remediation efforts under way at Operable Unit No. 1 (881 Hillside) and Operable Unit No. 2 (903 Pad, Mound and East Trenches Areas).

Afterward, members of the public will have an opportunity for one-on-one discussions of plant environmental restoration efforts with representatives of the three agencies, as well as several interest groups.
